Canadian Journal of Environmental Education

Volume 17, 2012

The Canadian Journal of Environmental Education is a refereed journal published once a year. It seeks to further the study and practice of environmental education by providing a thoughtful forum for researchers, scholars, practitioners, and post-secondary students. The publication and distribution of articles and reviews should contribute to Canadian thought and practice in environmental education and/or issues and practices of international importance to this field of study.

The views expressed in this journal are not necessarily those of the journal’s editors, advisory editors, or supporters. The Canadian Journal of Environmental Education publishes material that may represent divergent ideas, judgments, and opinions.

The production of Volume 17 has been made possible through the generous support of the Canadian Network for Environmental Education and Communication (EECOM) and Lakehead University.

Cover Art: © Rachel Mishenene. Rachel is an Aboriginal artist, teacher, author, and PhD student at Lakehead University. Her research will be focusing on First Nations parental and community engagement in education. This art piece symbolizes connection to culture and mother earth.

Printed in Canada with 100% post-consumer recycled paper.
